What "exactly" an API key is used for depends very much on who issues it, and what services it's being used for. By and large, however, an API key is the name given to some form of secret token

which is submitted alongside web service (or similar) requests in order to identify the origin of the request.

FORCES . A force is any push or pull that causes an object to move, stop, or change speed or direction.; The greater the force, the greater the change in motion will be. The more massive an object, the less effect a given force will have on the object.; Unless acted on by a force, objects in motion tend to stay in motion and objects at rest remain at rest.

**Science 4-5 - SolPass**

Here you will find actual SOL tests (and answer keys) from prior years for all grades in English, Science, and Math, and Social Studies.
