Compello - Software for EDI, eInvoice and Invoice Approval

12 Foreign Language Interface. SWI-Prolog offers a powerful interface to C Kernighan & Ritchie, 1978. The main design objectives of the foreign language interface are flexibility and performance. A foreign predicate is a C function that has the same number of arguments as the predicate represented.

SWI-Prolog -- Manual

A dust collector is a system used to enhance the quality of air released from industrial and commercial processes by collecting dust and other impurities from air or gas. Designed to handle high-volume dust loads, a dust collector system consists of a blower, dust filter, a filter-cleaning system, and a dust receptacle or dust removal system.
